Solar generator. Solar generator, I live in the mountains with a considerable amount of power outages. I have had this a couple of years in the box, my partner and I started camping again last year. I broke it out and started using it last year. While happy I have this, it does work. However the solar panel on this really bites.

TLDR; The Patriot Power Generator 2000X from 4Patriots is one of the best solar power stations available. Equipped with portable solar panels and charge controllers, it stands out among new arrivals in solar equipment. This power station can be expanded with additional solar kits and includes an AC outlet for versatile use. Ideal for emergencies, [...]

The Patriot Power Generator 1800 is a solar power generator that I"ve often used for power outages in my home. It comes with 2 charging options -- solar panel charging and AC outlet charging (the outlets on the main power grid). This product is a continuation from the Patriot 1500, which famously was recalled because it kept catching fire.
