L"Energy Club és un complex d"entreteniment situat al centre d"Andorra, a poca distància del principal carrer comercial, VIVAND, prop del centre Spa Wellness Caldea, i de nombrosos hotels. Per a la seva comoditat, al costat del nostre ...

Let"s remember that Andorra imports 80% of energy and the purchase prices of electricity in neighboring countries have multiplied. Although at first the blow could be cushioned with contracts and reducing the benefits of FEDA, this option is not feasible in the long term.

Andorra"s intention is to continue investing in the energy transition and increase local production to cover 50% of local demand. Electricity prices in Andorra are among the lowest in Europe. In 2020 it was 68% cheaper than Spain and 43% cheaper than France.

FEDA is the public utility providing electricity to Andorra and together with Hitachi Energy worked to ensure a sustainable energy future for its people without compromising their ancestral harmony with nature
