16 ????· El exjefe rabino safardí Yitzhak Yosef reafirmó este domingo su rechazo absoluto a que cualquier judío ultraortodoxo (haredim) se una a las filas de las Fuerzas de Defensa de Israel (FDI), incluso quienes no sean estudiantes en una yeshivá (escuela talmúdica). "Está prohibido ir al Ejército, incluso para aquellos que no trabajan", aseveró Yosef, una [...]

From 2018 to 2020, the company did demonstrations of its quick-charging battery on motor bikes and drones; it promised again that its smartphone battery that recharged in a minute was right around the corner; it talked about launching a backup battery for smartphones; it declared a collaboration with TDK, intended, it said, to bring StoreDot ...

Batte-Re Li-Ion Battery Recycling Ltd. offers an economical and locally available solution for recycling batteries right here in Israel. The process is conducted in an orderly and structured fashion, and we are responsible for it from beginning to end.

The Town of Aurora is thrilled to announce a new partnership with Environmental 360 Solutions to introduce an outdoor smart battery collection container at Aurora Town Park. This initiative makes Aurora the first municipality in York Region and the fifth municipality in Ontario to offer residents 24/7 access to a dedicated, weather-resistant ...

AURORA LiFePO4 Battery Systems. Lithium Iron Phosphate batteries act as direct replacement to usual (LeadAcid, GEL) battery. Upgrading lifetime of your old battery is simple and for most applications can be done immediately without further modifications to your system. Extremely high peak current draw also enable

working as starter battery.

Battery Pack. AURORA LiFePO4 battery packs come in power starting at 5KWh 100Ah and increase up to 15KWh 300Ah. They have 6-10years factory warranties and Maximum 8pcs can be paralleled. These packs are a kind of environmentally friendly backup power system.

Batte-Re was established in light of its founders" vision of creating a local and accessible recycling solution for lithium ion (Li-ion) batteries in Israel. Li-ion batteries are the batteries that power most devices powered by mobile energy.

Battle-Re es una empresa israelí que trabaja desde su creación en el desarrollo de soluciones permanentes en sistemas de refinación y reciclaje, especialmente en los campos de baterías de iones de litio, desechos electrónicos, convertidores catalíticos, catalizadores gastados, chatarra de joyería y minería. Recientemente, la empresa inauguró la primera planta de reciclaje de ...
