OverviewStructure of the education systemEarly childhood/preschool educationPrimary educationSecondary educationTertiary education/University of the BahamasEducation and prison reformSpecial institutionsThe Bahamas education includes primary education, secondary education, tertiary education, with a more recent addition of preschool institutions before those three stages. All education that is given to the students in the Bahamas along with their policies are made by the Ministry of Education, Sports and Culture. In the Bahamas the Ministry of Education, Science and Technology is headed by the Minister of ...

Education in the Bahamas is compulsory between ages 5 and 16 and still based on the British system in many ways. School attendance rates are high and ¾ of primary and secondary schools are state-owned. Schooling is a top priority of a government that spends up to 20% of its money on it. For the first 6 grades, children attend primary school.

An engineer follows the CEC guidelines to design a new electrical distribution system in a commercial building, preventing potential electrical fires and ensuring the safety of the occupants. Adhering to the CEC grounding and bonding requirements, an engineer safeguards a construction site from electric shock hazards, protecting workers and the ...
