Bahamas solar panel products

We use the latest inverter technology and highest efficiency solar panels to give you the best return on investment possible and a system that will work for at least 25 years. Our figures show that you will multiply your investment during this time by ten!

We offer an impressive collection of specialized technologies for all your solar and alternative energy needs. Our top-selling products range from high-end, project-specific items, to smaller residential applications.

Island Solar is based in Nassau, Bahamas and is committed to installing safe, high quality, code compliant and long lasting solar electric (photovoltaic) systems in the Bahamas and across the Caribbean.

Our solar energy solutions are perfect for all your residential needs. Ideal for renewable energy for island life, especially in the Bahamas where we have an abundance of sun to use as a renewable resource. An excellent solution for cutting your energy bills and reducing your carbon footprint.

Is solar energy right for you? Solar gives you the option for complete energy independence. Whether you"re looking to reduce your electricity bill, get completely off-grid, or set up a battery backup system, we can help.

Going solar has never been easier. At Bahamas Solar we take care of your project from start to finish. Offering full turnkey systems for all residential and commercial operations. Serving all The Bahamas, from Nassau to the out islands. We offer customized solutions tailored ...
