Bahamas solar setup price

Who is Bahamas solar?

At Bahamas Solar we take care of your project from start to finish. Offering full turnkey systems for all residential and commercial operations. Serving all The Bahamas, from Nassau to the out islands. We offer customized solutions tailored to your specific needs. The first step to going solar is a site assessment.

How long does solar installation take?

Solar installation is the fun part,our customers get to see the whole system come together. Installation timelines range from one to five days. Monitoring insures your solar panels are working properly by tracking the output of your solar system. You gain 27/4 peace of mind that your whole system is working effectively.

What is the return on investment in the Bahamas?

In The Bahamas,your return on investment can be as high as 20%or more! There are 2 types of systems. Grid Tied and Off Grid. For both,the key issue is a knowledgeable and trustworthy installer. Proper site assessment (condition and orientation of roof) is a must. Read more.. +Questions to ask your installer.

Solar gives you the option for complete energy independence. Whether you"re looking to reduce your electricity bill, get completely off-grid, or set up a battery backup system, we can help. Smart Energy offers some of the best prices on the market.

As the Bahamas has close to six daily peak sun hours. Solar Power can offset a significant part of your power bill. Our goal is to design and build systems that can achieve maximum independence from the ever increasing cost of power.
