hello I think the 9757 version needs a re-release, AAF Optimus. latest Nahimic 3 UWP app is 1.10.3.0 (which I got from here) and not 1.10.1.0 and the Nahimic APO4 files included are outdated (new APO4 files found in this APO4 package, which are fully compatible with Win11 24H2) you must use the Intel SST driver from the manufacturer/OEM as SST ...

Nvidia optimus settings show "power saving" as active, but its quite certainly not the case. When I then switch to Performance mode, log out, log in, switch to power saving mode, log out and back it, it works again - the power consumption is back at ~6 W. btw: No tlp or any other power saving tools are installed

Change in per capita GDP of Belarus, 1973-2018. Figures are inflation-adjusted to 2011 International dollars. The economy of Belarus is an upper-middle income mixed economy. [2] As a post-Soviet transition economy, Belarus rejected most privatisation efforts in favour of retaining centralised political and economic controls by the state. [19] The highly centralized Belarusian ...
