Bermuda bess machinery

Determining the ideal block or blocket size in Ethiopia is a crucial decision in the construction industry. The commonly used sizes for concrete blocks in Ethiopia are 20cm x 20cm x 40cm, 15cm x 20cm x 40cm, and 10cm x 20cm x 40cm.These standard dimensions are popular among builders because they offer a good balance between structural stability and ...

Bermuda Electric Light Company Limited ("BELCO" or the "Company") has won the Best Energy Storage Project award at the Caribbean Renewable Energy Forum ("CREF") for its recently commissioned Nolan Smith Battery Energy Storage System ("BESS").

Bess PRS-400 Semi-automatic block making machine can produce 4.000 pieces of concrete hollow blocks (20cm width * 40cm length * 20cm height) or 300 square meters of paving blocks or 1.000 pieces of curbstones. It is just enough to change the mold and the machine can produce 600 different shapes of concrete products.

Beyond replacement generation, BELCO is investing in a Battery Energy Storage System (BESS), which will shift reserve power from being inefficiently held on running engines to being held in a stationary capacity within the batteries.

Bess manufactures concrete block machines, paving block machines and molds ss is an organization of the Beyazli Group of Companies. Bess has started its international business in 2007 and developed in a short time because of the high quality machines it produces, reasonable price compared to the quality and efficient aftersales system.
