Canada solar and inverter

What types of solar power systems are available in Canada?
Solar power equipment,complete solar power systems,and turnkey solar power solutions for Canadian homeowners,commercial businesses,agriculture,remote applications,and more. Off-grid,grid-tied,and hybrid solar power systems.

Do you offer solar power inverters?
We offer a complete line of solar power invertersfor both off-grid and grid-tied systems. Our inverters can be purchased as a stand-alone item above all in a pre-wired,fully-tested panel. In addition to CSA certification and a 5-year warranty. Call or email us for the latest pricing or advice.

Why do Canadians use power inverters?
Canadians aren't strangers to the use of power inverters by any means. It's a tribute to the country's beautiful land and peoples'; tremendous work ethic. Canada has a way of calling its residents and visitors to go "off-the-grid" and away from the conveniences of electrical infrastructure.

Which solar power inverters are CSA certified?
Feel free to reach out to us by filling out a quick and easy survey. We present CSA-certified solar power inverters for both off-grid and grid-tied systems. We offer known brands like Outback and Magnum. Call us Toll free at 1-888-402-4376.

Why do Canadians need solar power?
We've been enabling Canadians and their families for years to power their lives by harnessing the power of solar energy. Essentially becoming their own electrical provider, they've enjoyed freedom from outrageous distribution charges and other services they either don't utilize, or should be responsible to pay for.

Can I use solar power in Canada?
Some jurisdictions in Canada have strict requirements, others are completely relaxed. Once you have a handle on what you can and can't have, decide exactly what you will power by electricity, or gas, propane etc. Any item that makes heat is not candidate for solar, this normally includes cooking, clothes drying. Also whole house air conditioning.

CANADIAN SOLAR (USA), INC. is c omm ted o pr v d ng h gh quality solar products, solar system solutions and services to customers around the world. As a leading PV project developer and manufacturer of solar modules with over 50 GW deployed around the world since 2001, Canadian Solar Inc. (NASDAQ: CSIQ) is one of the most bankable

We can ship reliable 120 and 240 watt solar panels anywhere in Canada. From Saskatchewan to Nova Scotia and Manitoba, AIMS Power can provide everything needed for an off-grid, mobile and/or backup electrical

system wherever you are in this amazing country.

With over 30 years of experience in the solar industry, Frankensolar has developed Canada"s most extensive portfolio of solar equipment manufacturers. Frankensolar supplies Solar Modules made by Hanwha Q-Cells, LG, LONGi Solar, Trinasolar, and AXITEC. Solar Inverters by SMA, APS, Fronius, Huawei, Sungrow, and SolarEdge.

We offer a wide range of affordable and high quality solar power systems in Canada. All of our Solar Packages are CSA certified and constructed to efficiently and environmentally consciously harvest solar energy for your every day needs.

UPDATE: the Canadian Single phase 5kW solar inverter is a rebranded Growatt inverter. It"s the older model as well which doesn"t have a very good reputation... The newer Growatt inverters seem to be much better than these older models. The specs are identical on both inverters. I"d be avoiding this one though.
