COGEN Europe o The European Association for the Promotion of Cogeneration Rue d"Arlon 80, 1040 Brussels, Belgium T +32 (0)2 772 82 90 | F +32 (0)2 772 50 44 | info@cogeneurope o CHP is future proof and fuel flexible, having the capability to easily switch to renewable sources including biomethane, bio-LPG, hydrogen. ...

Fuel cell micro CHP (µCHP) is an already available highly efficient distributed energy solution for heat and power generation near the point of consumption. Small units are typically used for residential or small commercial buildings and are able to provide demand for heating, hot water and/or cooling in buildings while generating electricity to replace or

The COGEN Europe Virtual Annual Conference will debate how we can shape this ambitious package to ensure it delivers a cost-effective energy. The Fit for 55 Package will determine the future of the European energy sector as it sets the pathway how Europe will decrease its greenhouse gas emissions with at least 55% by 2030. The COGEN Europe ...

COGEN Europe"s Annual Conference brings together companies and organisations with an interest in cogeneration technologies and applications. The Conference programme includes a series of panel sessions looking forward to the challenges and opportunities that the cogeneration sector will face during the next five years, under the incoming European Commission which is ...

PRESS RELEASE. 24 September 2024. On 19 September, European Commission President Ursula von der Leyen and International Energy Agency (IEA) Executive Director Fatih Birol held a joint press conference in Brussels to address Ukraine"s energy security for the upcoming winter. A day later, on 20 September in Kyiv, European Commission ...

Press Release - 5 January 2023. In the framework of Germany"s assistance to Ukraine, SOKRATHERM GmbH (a member of B.KWK - the German CHP Association, which is a member of COGEN Europe) has won a contract to provide 5 mobile cogeneration units to the city of Kharkiv. The first two mobile GG 70 VR compact CHP units have already arrived in Kharkiv ...

From September 13-15, 2021, the Combined Heat and Power Alliance, the leading national voice for the deployment of combined heat and power (CHP) and waste heat to power (WHP), is hosting its second annual virtual National Summit on CHP. The Summit will convene a diverse group of stakeholders, including industry experts, end users and potential

PRESS RELEASE. 17 June 2024. COGEN Today, Environment Ministers from the 27 EU Member States met in Brussels, where they discussed the European Commission"s communication on Europe"s 2040 climate

target and path to ...

In this regard, high-efficiency cogeneration (HE-CHP) can and should play a crucial role in both decarbonising the European economy, and in the carbon-neutral world of tomorrow, being the optimal, feasible, resource-efficiency technology, maximizing primary energy savings. Through simultaneous generation of heat and electricity in the most ...

A study by Artelys finds that cogeneration is a primary enabler to achieve carbon neutrality in Europe by 2050. Realising the cost-effective potential for cogeneration in all sectors will maximise energy efficiency and integration of the European energy system at the lowest cost, while bringing key benefits to end consumers.

COGEN Europe | 1.927 volgers op LinkedIn. COGEN Europe is the European Association for the Promotion of Cogeneration. Cogeneration or Combined Heat and Power (CHP) is the most efficient way to deliver heating, cooling and electricity. It is based on the simultaneous production of electricity and thermal energy, both of which are used.

COGEN Europe o The European Association for the Promotion of Cogeneration Avenue des Arts 3-4-5, 1210 Brussels, Belgium T +32 (0)2 772 82 90 | F +32 (0)2 772 50 44 | info@cogeneurope Position paper Brussels, 21 July 2021 COGEN Europe Recommendations for the Revision of the Industrial Emissions Directive (IED) ...

The Role of Cogeneration in Europe"s Energy Transition Enabling an Efficient Pathway to Net Zero The next five years will be crucial for building a prosperous, competitive and sustainable Europe. Energy is vital for all Europeans and the economy.Our homes, schools, hospitals, businesses and industry need secure access to electricity and heat that are both

COGEN Europe calls on the new European Commission to boost competitiveness and cut emissions by putting energy efficiency first; Conclusions of COGEN Europe"s Annual Conference 2024; Announcing the winners of the COGEN Europe Recognition Awards 2024; COGEN Europe"s members are ready to help meet Ukraine"s energy needs

COGEN Europe, the European Association for the Promotion of Cogeneration, is the cross-sectoral voice of the cogeneration industry. Its mission is to work with EU institutions and stakeholders to shape better policies and eliminate administrative, regulatory and market barriers to the wider use of cogeneration in Europe.

The COGEN Europe secretariat has its office in Brussels and is the central contact point and management facility for the organisation. The office currently employs seven staff members: Hans Korteweg* Managing Director * p.p. HAWK-I Consulting bvba. Tanya Carre Office Manager.
