Cytek solar Dominica

The Chint 8KW Off-Grid Inverter is a high-capacity solution for converting solar power into usable AC energy in off-grid systems. With an 8 kilowatt capacity, it efficiently manages energy from solar panels and batteries, ensuring reliable ...

About Cytek Solar. We are a Renewable Energy company based in Nairobi, Kenya, offering solar solutions to the African Residential and Business sector, as well as IOT driven load management solution to ensure minimal wastage of the generated power. Facebook-f Linkedin-in Instagram X-twitter.

The 5KVA Growatt Inverter is a high-performance solar inverter designed to convert DC power from solar panels into AC power with a 5KVA capacity. Featuring MPPT technology for optimized energy conversion and advanced power management, it supports various battery types and configurations. With real-time performance monitoring and robust safety features, this inverter ...

Cytek Solar > Products > Portable Power Stations > 600W Hinen Portable Power Station. 600W Hinen Portable Power Station. PS600 is a compact and lightweight but powerful outdoor mobile power supply, suitable for use in outdoor activities to ...

The Hinen Single Phase 6KW Smart Off-Grid Solar Inverter is a high-efficiency solution for residential and small commercial solar systems. With its advanced smart technology and integrated MPPT, this inverter offers optimal energy conversion and easy system management. Ideal for off-grid applications, it supports expansion with additional solar panels and batteries, ...

The 3.5KVA Hommy Hybrid Inverter efficiently integrates solar and grid power, providing a reliable solution for energy management with a 3.5KVA capacity. It supports various battery configurations and features intelligent power management and real-time monitoring. With high efficiency and robust safety protections, this compact and durable inverter is ideal for residential use, ...

The 300W Solar Flood Light offers powerful, energy-efficient illumination with its solar-powered design and high lumen output. Durable and weather-resistant, it includes a motion sensor and adjustable brackets for versatile installation. Ideal for large areas, it provides reliable lighting with extended battery life.

The Hinen Three Phase 12kW Hybrid Inverter is a powerful and versatile solution for managing large residential and small commercial solar systems. With its hybrid functionality, three-phase output, and integrated MPPT, it provides high efficiency and flexibility. Compatible with various batteries and equipped with smart monitoring capabilities, this inverter ensures reliable ...

At Cytek Solar, we don"t just follow trends--we set them. Our team is dedicated to delivering top-tier solar

solutions tailored to Nairobi"s unique energy needs. Whether it"s a small home setup or a large commercial project, we"ve got you covered. Join the Solar Revolution. Ready to make the switch? Join the solar revolution with Cytek ...

The Hinen 5kWh Lithium Battery (51.2V/100Ah) is an efficient energy storage solution for residential and small-scale applications. Featuring advanced lithium-ion technology and a robust Battery Management System (BMS), it provides reliable high-voltage performance, fast charging, and safety features. Its compact design and scalability make it a versatile choice for enhancing ...

The Hinen 7.776KWH High Voltage Lithium Battery offers high-capacity energy storage with advanced lithium-ion technology. Designed for high voltage systems, it features a compact design, rapid charging capability, and integrated smart management for efficient and reliable power backup. Ideal for residential or small commercial use, it ensures safety and durability in ...

The 545 Watts Tiger Pro Jinko Panels provide high power output and efficiency with advanced monocrystalline silicon cells. These panels are designed to perform well even in low-light conditions and high temperatures, offering durable construction with a strong frame and tempered glass. Ideal for various solar installations, they come with a comprehensive warranty for long ...

The Megatank 6KW Inverter + 5.12 KWH LFP Battery (All-in-One) system combines a robust 6 kW (6000W) inverter with a 5.12 kWh Lithium Iron Phosphate (LiFePO4) battery. The inverter supports a peak power output of 12 kW (12000W) and offers high efficiency of around 93%. The 5.12 kWh battery operates at a nominal voltage of 51.2V and features up to 6000 cycles at ...

Description. Discover the ultimate solution for reliable, portable energy with our 3kW inverter Portable Power Station combined with a powerful 2.4kWh battery signed for versatile use, this high-capacity power station provides stable, off-grid electricity for a range of applications including camping, outdoor events, and emergency backup.

Cytek Solar > Solar Street Lighting. Solar Street Lighting. Solar street lights harness the sun"s energy to illuminate public spaces, offering an eco-friendly and cost-effective lighting solution. These lights integrate photovoltaic panels that absorb sunlight during the day, converting it into electricity stored in batteries. ...

The Megatank 51.2V Lithium Battery delivers robust performance with a nominal voltage of 51.2V and a substantial capacity of 100Ah. Utilizing Lithium Iron Phosphate (LiFePO4) technology, it offers up to 6,000 cycles at 80% depth of discharge. It supports fast charging and operates within a broad temperature range: charging from 0°C to 45°C and discharging from -20°C to 60°C. ...
