Is Congo energy 100% Congolese?
The head of its Congolese branch,Yvonne Mbala,had spoken about the idea as early as 2019. It would allow the oil company to utilise gas that is currently flared from its offshore oil fields. According to our sources,Congo Energy - which claims to be 100% Congolese- is led by NSM,an engineering company owned by entrepreneur Jean-Michel Ghonda.

What's going on with Congo energy & Perenco?
Some electricity from the plant is to be sold to miners of the former Grand Katanga province. A group of Congolese firms gathered under the banner of the consortium Congo Energy signed a memorandum of understanding(MoU) with the French oil company Perenco in February.

Will a gas-fired power plant be sold to miners in Kongo?
Several Congolese companies have joined forces to develop a gas-fired power plant project in Kongo-Central province. Some electricity from the plant is to be sold to minersof the former Grand Katanga province.

Who are the members of the DRC Power Consortium?
Other consortium members include Trade Power, whose managers Eric Monga Mumba and John Nsana Kanyoni are well known in the DRC's private electricity sector. Mumba is working on getting the 150MW Sombwe dam project out of the ground in the province of Haut-Katanga.
