Norway-based Dolphin Drilling is a leading offshore drilling giant and is one of the oldest firms in the segment. Dolphin Drilling operates a fleet of 5 harsh semi-submersible drilling rigs, equipped with state-of-the-art technologies and is designed for high-quality drilling services.

Dolphin Energy entered the business of gas supply in January 2004 when the company commissioned the natural gas pipeline connecting Al Ain with the emirate of Fujariah (considered a separate project.[2]). Gas from Oman was supplied for the purpose which meant that gas from one GCC nation flowed to another for the very first time.
