Who owns Drax Power Station?

In 1990,the electricity industry of England and Wales was privatised under the Electricity Act 1989. Three generating companies and 12 regional electricity companies were created. As a result of privatisation,Drax Power Station came under the ownership of National Power,one of the newly formed generating companies.

Did Drax buy Opus Energy?

In 2016,Drax Group acquired Opus Energy for £340 million funded by a new acquisition debt facility of up to £375 million. In October 2017,Drax sold Billington Bioenergy for £2 million to an AIM-listed energy company called Aggregated Micro Power Holdings.

What happened to Drax Power Station?

One significant change was the emergence of vertically integrated companies,combining generation,distribution and supply interests. In certain cases,it became necessary for generation assets to be divested,and so in 1999 Drax Power Station was acquired by the US-based AES Corporationfor £1.87 billion (US$3 billion).
