We possess a pretty clear vision of your needs,and trust us when we say our topmost priority is to serve you.

Where can I buy solar panels in the UK?
At the end of September 2013, retailer IKEA announced that solar panel packages for houses would be sold at 17 UK stores by July 2014. The decision followed a successful pilot project at their Thurrock store, during which one system was sold almost every day. The panels were manufactured by the Chinese company Hanergy.

Does the UK get a lot of solar power?
While the sunniest parts of the UK receive much less solar radiation than the sunniest parts of Europe, the country's insolation in the south is comparable with that of central European countries, including Germany, which generates about 10.7% of its electricity from solar power.

Who is Arifur from solar Emporium?
Arifur from Solar Emporium was an amazing salesperson! Installation for both systems installed was quality workmanship, warranty for install and products is above Australian standard, quality of panels/inverter was excellent value. The after sales support and knowledge was second to none! EXTREMELY HIGHLY RECOMMENDED

Will 4m homes be solar-powered by 2020?
"Greg Barker: 4m homes will be solar-powered by 2020". The Guardian. ^"Ikea to sell solar panels in UK. stores". The Guardian. Reuters. 30 September 2013. Retrieved 1 October 2013. ^"Ikea ends residential solar panel deal with Hanergy". Financial Times. 2 November 2015. ^"Analysis: UK solar beats coal over half a year".

If you''re considering going solar, Solar Emporium is the team you want. Their expertise, quality of work, and commitment to customer satisfaction are second to none. I would recommend them without hesitation! Thank you, Solar Emporium, for making our transition to solar so smooth and rewarding! Date of experience: December 03, 2024

Ben is incredible . Just want to start by saying Ben from Solar Emporium is getting the 5 stars. It went south early on and was left chasing people for 2 months, he can on, communicated the while way through, moved the process along and after 2 months of waiting, Ben was involved and the panels were installed 3 weeks later!

From start to finish I was extremely happy with the service provided by solar emporium. The whole team were quick to answer any enquires I had regarding the whole process. Would definitely be recommending solar emporium to all our family and friends. Thank you so much to the whole team. Date of experience: 31 May 2024

Exceptional Solar Designer and Outstanding Customer Service at Solar Emporium! Solar Emporium were an easy company to work with, and we would recommend that anyone considering installing a solar system should talk to them. From the first response from Emerald through quoting, system design and installation they were professional and helpful.

Our solar system is up and running for a couple of days now. Our solar system is providing energy more than we can consume. We are consuming zero from the grid and at the same time selling to the grid Go solar. Contact Solar Emporium and ask for Mitchell. Thanks again for the fantastic efforts you have made. Date of experience: 22 November 2024

Solar Emporium took months to find a sub contractor that would complete the installation. When the work actually started, the Sub Contractor was supplied with materials that were not correct. Due to the above, the installation was drawn out even longer. Also, customer service and communications with Solar Emporium was a nightmare.
