FAS Energy???????????????,?????????????,????????????????????? ?????????????????? ...

FAS Energy is the renewable energy subsidiary of Fawaz Alhokair Group. The company aims to provide renewable energy solutions for the Middle East and North Africa region. Its portfolio of current projects includes approximately 8,000 MW of solar energy in Jordan, Egypt, Morocco, GCC and Africa.

FAS Energy focuses on the development of renewable energy facilities and provides guidance in the energy sector. The company offers services to both private and public clients, aiming to establish energy projects that set industry standards.

At FAS ENERGY, we are developers, EPC, and O& M for renewable energy projects. We are a subsidiary of Fawaz Al Hokair group, the largest owner and operator of shopping malls in Saudi Arabia and Egypt with a presence in different countries around the world.
