Estonia"s privately held nuclear energy company, Fermi Energia, has chosen GE Hitachi Nuclear Energy"s (GEH"s) BWRX-300 small modular reactor (SMR) for deployment in Estonia by the early 2030s. In 2022 Fermi Energia had accepted tenders from US-Japan joint venture GE Hitachi, US-based NuScale and the UK"s Rolls-Royce.

A new Memorandum of Understanding between the two companies will see NuScale Power support Fermi Energia in evaluating the deployment of a NuScale small modular reactor plant in Estonia by 2031. Fermi"s plans for SMR deployment are growing in popularity in Estonia, according to the company"s latest survey.;

Vattenfall has signed an agreement with the Estonian nuclear energy start-up company Fermi Energia in order to become a minority shareholder of the company with a seed investment of Euro 1 million. In ...

Fermi Energia peakontor Tallinnas aadressil Tornimäe 2. Fermi Energia on 2019. aastal asutatud energiaettevõte. Ettevõtte eesmärk on arendada võimalust võtta Eestis kasutusele uue põlvkonna väike moodulreaktor. [1]
