Fisonic energy solutions Nigeria

Fisonic Technology . Fisonic technology harnesses the natural phenomenon of two-phase flow. At the core of the technology is a hyper-efficient heat exchanger that produces thrust. Fisonic devices are heat exchangers, pumps and mixers with patented internal geometry. They mix steam and water by direct contact without consumption of mechanical ...

Fisonic Technology . Fisonic technology harnesses the natural phenomenon of two-phase flow. At the core of the technology is a hyper-efficient heat exchanger that produces thrust. Fisonic devices are heat exchangers, pumps and mixers ...

What are the benefits of Fisonic Devices? Energy Savings: Reduce the energy cost to existing and new businesses. Estimated and actual FPD installed buildings systems, demonstrate that use of FPDs will reduce their annual electric consumption by about 50% and the steam consumption by about 16-40% when compared with the existing systems ...

oFisonic system recoversall the energy in the waste condensate and adding just a fraction of the steam required by its controller to meet the building needs. Exhaust Air Energy Recovery o UScleanAir Energy recovery system on fresh air intake/building exhaust ducts. This allows preheating outside air in winter (cooling in summer).

Fisonic Energy Solutions LLC is an energy service company that utilizes new technology to provide clean and efficient energy solutions across a broad spectrum of industries and applications including, waste heat recovery, commercial heating, and power generation. All of our systems are manufactured in New York and designed to deliver maximum ...

objective, reliable, energy-related solutions delivered by accessible,dedicated professionals. Our Mission: Advance innovative energy solutions in ways that improve New York"s economy and environment. Our Vision: Serve as a catalyst--advancing energy innovation and technology, transforming New York"s economy, and empowering people to choose

Fisonic Energy Solutions LLC is an energy service company that utilizes new technology to provide clean and efficient energy solutions across a bro ad spectrum of industries and applications including, waste heat recovery, commercial heating, and power generation. All of our systems are manufactured in New York and designed to deliver maximum environmental and ...

Fisonic energy solutions Nigeria

The Fisonic Devices (FDs) are supersonic, condensing heat pumps with a patented internal geometry which causes steam and water to mix and accelerate, converting a minute fraction of fluid"s thermal energy to physical trust (pump head) with the outlet pressure higher than the pressure of the working medium at the inlet of the device.

A Portfolio of Energy Solutions ... We propose the Fisonic Energy Solution that will best meet your needs and custom engineer the system according to the specifics of your facility. See Our Technology: Installation and Testing. We install according to a pre-approved plan. All materials arrive pre-sized and ready for connection.

Fisonic Energy Solutions . Location Schenectady, New York, United States; Regions East Coast, Northeastern US; Gender Male; LinkedIn View on LinkedIn ; Ed Pheil is the Chief Technical Officer, Founder, and a Technical Advisor at Fisonic ...

Fisonic Energy Solutions is an energy service company that utilizes new technology to provide clean and efficient energy solutions. Search Crunchbase. Start Free Trial . Chrome Extension. Solutions.
