Fuel storage systems ltd Antarctica

Who are fuel storage systems Ltd?
Fuel Storage Systems LTD are delighted to announce that we have been shortlisted as finalists for the prestigious APEA Awards (Association of Petroleum and Explosive Atmospheres) for the Best Non-Retail Fuel System installation of 2022. Our nomination was for our installation for Premier Marinas at the new Noss Marina

Can fuel cells be used in Antarctica?
Fuel cells are currently being used commercially in small-scale power plants and in vehicles. The use of fuel cells for large-scale power generation is not yet economically viable but it is hoped that this situation will change by the end of this decade, opening up opportunities for fuel cell usage in Antarctica.

What services does fuel storage systems offer?
Fuel Storage Systems LTD offer integrity testingfor fuel storage tanks and pipework systems utilising calibrated precision ATEX approved testing equipment. We offer a wide variety of fill point cabinets keeping your installation compliant with the oil storage regulations. Manned or unmanned tank entry. Above or below ground storage tanks.

Can fossil fuels be used in Antarctica?
Fossil fuels are not practicalas long term primary energy sources in Antarctica. Even if these resources could be considered inexhaustible,which obviously is not the case,there are many other detrimental effects associated with fuel usage in such a fragile environment,all of which encourage a reduction in fuel usage.

What is the main source of energy in Antarctica?
Fossil fuelsare the predominant source of energy in Antarctica. Most Antarctic stations,including Scott Base,are powered by conventional generator units and diesel boilers.

Why should you choose fuel storage systems Ltd?
Whatever your fuel system installation and maintenance requirements,they will be well catered forwhen you make Fuel Storage Systems LTD your first choice of contractor.

We offer UK wide coverage - supply, installation and maintenance of complete fuel storage solutions. What"s more, Fuel Storage Solutions Ltd is one of the UKs leading suppliers of fuel tanks and all associated systems, including pads, bunds, pipework and environmental controls for the safe storage of all fuel types, so whatever you need ...
