Solar energy offers a sustainable, renewable, and abundant power source for the island of Guam. Solar power is mainstream, and with a Federal Tax Credit of 30%, the time is now to invest in a solar system that will lower your power bills, increase the value of your home, and reduce greenhouse gas emissions.

GoSolar Guam said the systems it sells can lower residential power bills to $15 a month, and General Manager Wanjoo Kim said customers will see a return on their investments within five years.

Guam and Micronesia"s source for residential and commercial green energy solutions. We design and build high-efficiency, cost effective solar panel systems. Lower your carbon foot print, increase the value of your home or business, and SAVE MONEY!
