Grenada off the grid system

Does Grenada have a wind farm?
Grenada has had success with implementing energy effi-ciency and renewable energy projects. To date, GRENLEC has assessed five sites on the main island and two on Carriacou for wind farm feasibility. A wind-die-sel hybrid has been discussed for Petite Martinique, but its development is on hold.

Are Grenada's governments desperate for a privatisation deal?
Speaking to Climate Home News,Grenada's finance minister Gregory Bowen said successive governments were desperate to change thisbut had their hands tied by a privatisation deal made nearly 30 years ago.

What is the potential of geothermal power in Grenada?
Geothermal studies reveal a potential of approximately 50 MWof baseload power; two 20-MW geothermal projects have similarly stalled in development. Solar photovoltaics (PV) have high potential on Grenada because the country's global horizontal irradiation exceeds 5 kWh/square meters per day.

They built a new house in 2019. When they bought ceramics, doors and windows from Foshan, they also wanted to buy a solar power system for their new home so that they could stay away from expensive electricity bill. Grenada is located at the southernmost point of the Windward Islands in the East Caribbean Sea.

Hybrid and off grid systems have more considerations other than power consumption and needs more in-depth assessment. What system size do you need? For grid-tied systems, the regulations allow residential client to install a system that could produce 20% more than the energy consume on ...

Off-grid PV systems are usually used in areas without interconnection to the public grid. Consequently, they either use some kind of storage technology or an additional backup source to provide electricity when needed or they supply loads/consumers that don"t require a permanent

Xerogrid specify off-grid solar PV and battery storage equipment for direct export to grenada and the caribbean. We specialise in end-to-end delivery and distribution, as well as project management and support. Contact us today to see how we can help you get off grid in The Caribbean and Grenada.
