With the Apostolic Letter "Fratello sole," issued motu proprio, Pope Francis provides for the construction of an agrivoltaic plant in the extraterritorial zone of Santa Maria in Galeria, where Vatican Radio maintains antennas for digital broadcasting.

Pope Francis, a vocal campaigner for action against climate change and on environmental protection, on Wednesday ordered the construction of a solar farm to cover the energy needs of the Vatican...

We all love that big circular pizza. But aside from the American version of this spectacular food in Vatican City this savoury Italian food of Vatican City which is leavened with wheat-based dough and topped with tomatoes, cheese, and often various other ingredients is baked at a high temperature, traditionally in a wood-fired oven here. You usually get pizzetta(...

With the Apostolic Letter "Fratello sole," issued motu proprio, His Holiness Pope Francis provides for the construction of an agrivoltaic plant in the extraterritorial zone of Santa ...

With the Apostolic Letter "Fratello sole," issued motu proprio, His Holiness Pope Francis provides for the construction of an agrivoltaic plant in the extraterritorial zone of Santa Maria in Galeria, where Vatican Radio maintains antennas for digital broadcasting.

Pope Francis has unveiled a plan to transition Vatican City to solar energy as its primary source of electricity in his latest motu proprio "Fratello Sole" or "Brother Sun." The Holy Father has directed the construction of an agrivoltaic system on Vatican-owned land in Santa Maria di Galeria, located just outside Rome.

«Vi har mange gode erfaringer med GSE. Som tømrere er det et system vi kjenner oss igjen i, og det er lett å tilpasse håndverksmessige byggemetoder.» GSE er designet og produsert i Frankrike siden 2010. Det er en standardisert løsning for bygningsintegrerte solceller. 100% vanntett og takler norsk vind- og snølast. Ta kontakt for mer info.

Pope Francis has initiated the construction of an agrivoltaic plant within the extraterritorial area of Santa Maria di Galeria to provide energy for Vatican City. In his Apostolic Letter titled "Fratello Sole" (Brother Sun), the Pontiff emphasizes the critical role of solar energy in addressing environmental challenges, echoing themes from ...

Pope Francis has renewables on his mind as he says he wants Vatican City to run on solar power. To achieve his aim, solar panels will be installed on a Vatican-owned property outside Rome.

KemkensSolar chose the GSE IN-ROOF system as it adapts to different types of solar panel, is lightweight and is proven to be watertight. As the panels are built into the roof, as fitters we have a marked preference for this sustainable ...

Pope Francis has announced plans for the Vatican City to go solar through his latest motu proprio, Fratello Sole, or Brother Sun. The pope has delegated Vatican governing bodies to work with the Italian government to build an agrivoltaics system in the lands of Santa Maria di Galeria, located outside of Rome and an extra-territory of Vatican City.
