Inter energy Micronesia

Who is InterEnergy?

For more than thirty years,InterEnergy has powered people and cities across the Caribbean and Latin America,providing reliable,cost-effective and clean energy to the Dominican Republic,Panama,Jamaica,Chile,Uruguay and we have deployed the most sophisticated platform for electric vehicle charging stations in the Caribbean and Latin America.

What are the guiding principles for energy development in Micronesia?

In addition, the policy establishes the following guiding principles for energy development in the Federated States of Micronesia: (1) the spread of benefits to disadvantaged com-munities, (2) increased public awareness and local capacity, (3) private sector involvement, and (4) community solutions.

How does the geography of Micronesia affect electricity?

The single island of Kosrae has an electrification rate of 98%,while Chuuk,spread across seven major island groups,achieves a rate of 26%.5 Aside from limiting access to electricity,the geography of the Federated States of Micronesia has several other adverse effects on utility operations.

Does Micronesia have a state-owned utility company?

state-owned electric utility company. Because the Federated States of Micronesia is so geographically dispersed,three of the four utilities must serve a populous core island or group of islands as well as numerous remote islands; the Kosrae Utility Authorityis the only utility that serves a single island.
