You do not need a professional installer to add this solar panel to your existing Somfy WireFree motorized window treatments. If you want to add new Somfy motorized products to your home with solar charging, please ...

Solar collection can vary for each window depending on exposure, panel placement, and obstructions Mounts on the inside of the window, directly to the glass or with mounting brackets. Compatible with all embedded Li-ion battery motors (ST40, ST30 Ultra, ST28, R28 & R24 motors)) plugging directly into the motor head.

Solar-powered sun shading is driven by an integrated electric motor. The motor is powered by the solar panel. The solar panel captures light and converts it into electric energy, regardless of the sunlight"s intensity. The generated energy is stored in the battery. Direct sunlight is not necessary for the solar panel to generate energy.
