Is it time to install solar panels in the Manx?

Even on a bright Manx winters day a panel can generate a considerable amount of electricity (perhaps 30% of capacity). There is something very satisfying about receiving an energy bill from Manx Utilities which is not only zero, they might pay you because of excess energy sold to the grid. There has never been a better time to install solar.

What does Manx solar electrical do?

Manx Solar Electrical undertakes every aspect of the installation,including annual servicing plus all requisite maintenance work. With utility prices rising and green issues climbing the agenda,there has never been a better time to invest in alternative energy sources.
