Kosovo tegnatia epc solutions

How can Kosovo digitize its services?
Several governmental and non-governmental initiatives have been established and designed to help Kosovo digitize its services. The Portal for Open Data,ia a governmental catalog of metadata in an open format by Kosovo public administrations,tagged with categories on specific topics.

Is e-signature legal in Kosovo?
Moreover,Kosovo already has a solid legal infrastructure,another basic criteria for membership in OGP. And while it is gradually building its digital infrastructure,one essential aspect is missing. And that is the electronic signature. Up to date,there is no law passed in the Assembly of Kosovo that enables the use of e-signature.

Does Kosovo have a good governance system?
As the minimum criteria required by Open Government Partnership (OGP),Kosovo has already made attempts in scoring a number in terms of transparency and good governance. Several governmental and non-governmental initiatives have been established and designed to help Kosovo digitize its services.
