What is the Armed Forces of Liberia based on?

The ranks and insignia of the Armed Forces of Liberia are based on those of the United States Department of Defense,and are laid out in the Liberian Defense Act of 2008. The Liberian Air Force was formally dissolved in 2005 as part of the armed forces demobilization programme,though it had effectively ceased to exist during the civil war.

Is Ritar a solid state battery?

In 2005, solid-state batteries were successfully developed, and Ritar is one of only two manufacturers in the world with the ability to produce solid-state batteries. In February 2007, Ritar was successfully listed on NASDAQ, becoming the first Chinese battery company to be successfully listed in the United States.

Are there any military aircraft in Liberia?

There was also a paramilitary Justice Air Wing operating some Mil Mi-2s. After 2003, only the United Nations Mission in Liberia (UNMIL) operated military aircraft in Liberia - Mil Mi-8 transport and Mil Mi-24 attack helicopters from Roberts International Airport with several subsidiary locations.

How did the Liberian government react to the Nimba rebels?

The Liberian government forces assumed that most of the Mano and Gio peoples in the Nimba region were supporting the rebels. They thus acted in a very brutal and scorched-earth fashionwhich quickly alienated the local people. Taylor's support rose rapidly,as the Mano and Gio flocked to his National Patriotic Front of Liberia seeking revenge.
