Will Congo become a supplier of lithium in 2022?
Although it does not yet produce lithium,the Democratic Republic of Congo looks set to become one of the world's suppliers of this metal,classified as strategic by the Congolese authorities in 2018,by as early as 2022.

How does the EU support the Democratic Republic of Congo?
The EU supports the sustainable and inclusive developmentof the Democratic Republic of Congo,in line with the National Strategic Development Plan (PNSD) and the Global Gateway strategy.

Will European Union visit DR Congo capital Kinshasa?
European Union officials are completing a visitto the DR Congo capital Kinshasa that began in early April to discuss the follow-up to the strategic partnership on critical minerals signed in October with the Congolese presidency of Félix Tshisekedi.

Could the EU help finance Congolese germanium?
The EU would help finance the exploratory phase. Other players,such as the United States,are interested in Congolese germanium (AI,01/09/23). But Europe's ambitions in this area could be undermined by the signing on 24 February of a memorandum of understanding between the EU and Rwanda on strategic minerals,which has angered the DRC.

The EU has grand plans for hydrogen, but the impacts on many communities and on the climate will not be so grand at all By 2030, the EU plans to generate 10 million tons of hydrogen, and import an additional 10 million tons from other countries. While there is a lot of talk about "green" [...]

In 2021, DR Congo"s level of human development was ranked 179th out of 191 countries by the Human Development Index, and is classed as a least developed country by the UN. DRC is endowed with exceptional natural resources, including minerals such as cobalt and copper, hydropower potential, significant arable land, immense biodiversity, and ...

For decades now the Democratic Republic of Congo has been going through so many conflicts which caused instability within the country and poses great risks in maintaining stability across the broader central African region.

People in the DRC have been facing persistent conflict and violence for decades. Leaving their homes behind, the most vulnerable are forced to look for safety in overcrowded family homes, makeshift camps, schools or churches, and to restart their lives repeatedly.

Sengenya, Claude & Patricia Huon. "Revived M23 rebellion worsens DR Congo"s security troubles." The New Humanitarian, 7 July 2022. ... The European Institute for International Law and International Relations (EIIR) is an independent, promoting and scientific, center for studies, research and training on issues of application of laws and ...

Upgraded Version of 12V 200Ah & LiFePO4 Battery -LiTime 200A BMS, Stronger Flow Capacity-Max 200A Continuous Dis/Charge Current, 400A(5S) of High Discharge Current-2560Wh Energy, 2560W Continuous Output Power-EV Grade-A Cells, 4000+ cycles @100%DOD-Max 40.96kWh Energy (4P4S)-High-temp Cut-off Protection-48 lbs, 1/3 the Weight of 12V...

This review is for the LiTime 12V 200Ah Plus LiFePO4 Lithium Battery - 200A BMS installed in a 25" travel trailer with 2 solar panels (total 260 watts) and a 20 amp DC to DC unit to run the refrigerator from an inverter while driving. Also purchased were a 30 amp MPPT LiTime Solar Controller, and a 40 amp LiTime charger.
