Montserrat enerco energy

What does the Montserrat Energy Department do?
To collaborate with various regional and international development partners to facilitate the implementation of Energy Efficiency, Energy Conservation and Renewable Energy programs and projects. The Montserrat Energy Department is launching the next phase of its Efficient Energy initiative by distributing 250 Plug-In Meter Readers.

How much does electricity cost in Montserrat?
Montserrat's utility rates start at $0.53 per kilowatt-hour(kWh) for residential customers,which is above the Caribbean regional average of $0.33/kWh. Like many island nations,Montserrat is almost entirely dependent on imported fossil fuels,leaving it vulnerable to global oil price fluctuations that directly impact the cost of electricity.

How many plug-in meter readers are available in Montserrat?
The Montserrat Energy Department is launching the next phase of its Efficient Energy initiative by distributing 250 Plug-In Meter Readers. As part of a collaborative
