My son solar Australia

Who is sunsolar energy?
SunSolar Energy was founded with the mission to spread solar across the rooftops of Australiawhile providing an exceptional customer experience We believe in creating satisfied customers to gain rapid growth of the company and to expand nationally over the next couple of years.

Why should I Choose Sun solar Australia?
Choosing Sun Solar Australia for our solar system and install was an absolute pleasure to deal with. Ron's knowledge and service was exceptional. Choosing the right solar is not an easy task as there are so many option to decipher through but Ron made it clearer and simpler than all the other quotes we had.

Is Sun Solar a good company?
Ron from Sun Solar was very professional and accommodating. The product and installation were spot on and excellent value. Couldn't fault them! Show details · 1 After deciding to replace our old solar system, I talked to a couple of solar energy company and I decided to go with Sun Solar as Nick was very patient and answered my million questoins.

Who are the best solar installers?
Have used Sunsolar for many solar installs and can highly recommend them. They are professional and happy to guide you all the way through the process. Brendon and Kelvin are great to deal with. Also the installers do a great job. Keep up the good work guys. Still waiting for the inspection to turn it on but everything else went well.
