Northvolt ab Russia

What happened to Northvolt AB?

Swedish battery cell maker Northvolt AB,which produces battery cells for electric vehicles (EVs),has announced that it has filed for Chapter 11 bankruptcyin the US. This is being seen as a significant hit to the European domestic electric vehicle industry,as the company was the most developed battery manufacturer on the continent.

Where is Northvolt AB based?

The company's flagship battery gigafactory,Northvolt Ett,is located in Skellefteå,Sweden. The move comes as the battery maker struggled to secure rescue funding,resulting in the company having only one week's worth of cash remaining,which came up to about $30m (EUR28.81m). In contrast,Northvolt AB's debt amounted to around $5.84bn (EUR5.61bn).

Could Northvolt be a big EV battery company headquartered in Europe?

Northvolt has been their best shot at building a big, thriving EV battery business headquartered in Europe. Were the company to fail, ongoing progress in battery technology could make it even harder for another European company to attempt the same feat.

Is Northvolt AB a good battery manufacturer?

This is being seen as a significant hit to the European domestic electric vehicle industry,as the company was the most developed battery manufacturer on the continent. Northvolt AB produces lithium-ion,lithium-metal and sodium-ion cells for e-mobility and energy storage,amongst other purposes.

How will Europe respond to the Northvolt Saga?

People involved in the Northvolt saga said options were narrowing for Europe to address its dependence on China and other parts of Asia for the technology and materials that will be critical as the automotive industry transitions to electric vehicles.

Is Northvolt a fully integrated battery manufacturer?

As a fully-integrated battery manufacturerrequiring raw minerals,Northvolt started engaging with the Russian mining industry in early 2018-2019,to measure its environmental impact and opportunities for improvement.

"About half of our invoices worth 11,047 kronor are now past their due date," utility Skelleftea Kraft AB"s Sanna Backstrom said in emailed comments. The bills relate to temporary power connections for the now defunct construction site, ...
