Solar system installed from Oxford Intelligent Energy can generate up to 80% the energy you consume and achieve incredible savings on you monthly energy bill. INCREASE PROPERTY VALUE Multiple Studies have shown that homes equipped with solar energy systems have higher property values and sell more quickly compared to homes without such systems.

This is a huge step towards energy independence, and will significantly reduce your energy bills by using your own free renewable power even when the sun sets. Our solar battery will also enable you to save more by charging the battery from the grid at a low-costing time frame and using the battery during expensive hours.

Oxford Energy Storage inverter also called hybrid or bidirectional solar inverter, is the most sophisticated piece of kit that connects to your solar panels. It combine a solar inverter and battery inverter together in one simple unit, and is designed to work with solar energy storages.
