PACE BMS 16S 51.2v. Upgrade your battery system with the cutting-edge highest current 300A 51.2V Battery Management System (BMS) designed for LiFePO4 batteries. This high-performance BMS ensures optimal performance, safety, and ...

As a core component supplier in the new energy industry, PACE has independently developed and designed lithium battery management system is widely used in base station backup power, household energy storage, high voltage DC, electric bicycles, low-speed vehicles, Change lead-acid to lithium battery, outdoor portable power supplies etc. PACE has ...

Hello guys, I would like to ask if anyone has the way and the firmware for the bms Pace P16S100A. Unfortunately I can"t find nothing, I have asked the Pace and they replied i need contact the battery manufacturers, of course I did without success .

The PACE BMS system employs a proprietary State of Charge (SOC) estimation algorithm, addressing the highly nonlinear issues caused by factors such as charge/discharge rates, temperature, self-discharge, and aging during battery usage. This unique algorithm provides an effective solution for accurate SOC estimation, enhancing the system"s ...

Hallo zusammen, da von einigen Anbietern das PACE BMS empfohlen und angeboten wird, mache ich hier einen Thread zur Informationssammlung auf. Persönlich habe ich keinerlei Erfahrungen zu dem BMS würde aber gerne wissen ob jemand etwas dazu beisteuern kann. Wie ist das BMS, taugt es was? Was sind die Vor- und Nachteile z.B. zum JK ...

I finally found a 2023 Version that worked for me with the Svolt/Pace 15S Battery. BMS is a Pace: P16S100A BMS Tool that worked was the SOK 2023 edition Tool : PbmsTool HS1.06 View attachment 168105 I will Update this Post once i get the RS 485 via 2 pin usb converter going. I"m most likely doing something wrong etc.

For PACE BMS to work with Victron, it requires release candidate firmware 3.0.0~15 or newer. Otherwise charging stops at 52.4v. I requested Victron modify the firmware and submitted the code to them that fixes this, it was implemented to the candidate release stream first thing this year...I"m not sure if this is what Andy was having trouble ...
