Qatar stardust power inc

At Stardust Power, we are looking to do our part in developing a new battery-grade lithium refining facility in the Central United States. When fully operational, Stardust"s factory is expected to produce 50,000 metric tons per year of high-quality battery-grade lithium - still well short of what is needed to supply America"s growing energy demands.

The stock of startup company Stardust Power Inc. (NASDAQ:SDST) did just that when it closed trading on July 17 at a price of $24.49. The SDST stock began trading on the Nasdaq exchange on July 9 ...
