Rmt energy Lithuania

Is Lithuania a net energy importer?
Lithuania is a net energy importer. In 2019 Lithuania used around 11.4 TWh of electricity after producing just 3.6 TWh. Systematic diversification of energy imports and resources is Lithuania's key energy strategy. Long-term aims were defined in the National Energy Independence strategy in 2012 by Lietuvos Seimas.

Which natural gas companies are in Lithuania?
Natural gas companies in Lithuania include Lietuvos Dujos and Ignitis. In 2021 Lithuania used coal to generate 2% of the country's electricity. Renewable energy includes wind,solar,biomass and geothermal energy sources.

Will Lithuania switch from fossil fuels to electricity?
Lithuania would switch from fossil fuels to electricityfrom renewable energy sources (RES),generate electricity for domestic needs,to produce hydrogen,and export not only energy,but also higher-value sustainable products.

Does Lithuania import electricity?
Since then,the shares of electricity imports,natural gas and bioenergy have increased. Today,Lithuania imports over 70% of its electricity needs,while bioenergy is taking the lead in domestic energy supply.

Why is Lithuania investing in alternative energy import routes?
This is because ever since the reestablishment of its independence,Lithuania has been investing in alternative energy import routes. These included the development of the Butinge oil terminal,the electricity interconnections NordBalt and LitPol Link,the Klaipeda LNG terminal and the Gas Interconnection Poland-Lithuania.

Should Lithuania produce electricity by 2030?
By 2030,Lithuania should not only produce electricity for domestic use,but also create the conditions for the development of a hydrogen industry and the export of residual energy.

Lithuania"s energy security as the country seeks to become a self-sufficient energy producer and exporter in the future. With the number of prosumers increasing remarkably in 2023, this change is also crucial to ensure the sustainable development of the sector. Other important amendments that facilitate the introduction of

RMT ECO ENERGY, your trusted partner in sustainable and innovative energy solutions.
