What is a saj HS2 battery?

SAJ calls their all-in-one batteries"HS2". There is a single-phase and three-phase version: Most homes only have single-phase power and so can't use the 3-phase version. Those with 3-phase homes can choose between single-phase or 3-phase battery systems. The HS2 all-in-one systems use SAJ's B2 series of higher-voltage battery modules.
