With over 30 years of experience, SEPCO is known as the pioneer in the industry. While our roots date back to 1979, we have been exclusively manufacturing commercial solar lighting and off-grid solar power systems under the SEPCO name since 1994.

SEPCO manufactures a full line of high-performance off-grid solar lighting and solar power systems for lower power applications. SEPCO"s brand stands out from the rest by offering custom solar lighting solutions designed to meet a specific need of the customer.

Sepco solar Slovenia

SEPCO is the leading manufacturer of commercial and remote power systems. With over 30 years of experience, SEPCO is known as the pioneer in the industry. While our roots date back to 1979, we have been exclusively manufacturing commercial solar lighting and off-grid solar power systems under the SEPCO name since 1994.

As a leading solar lighting system supplier, SEPCO wants to help you save energy costs and go greener with your next exterior lighting project. Our lighting designers will assist you in choosing the right illumination levels and luminaires from our broad selection of solar-ready LED fixtures.

SEPCO offers a wide variety of commercial off grid solar power systems for stand-alone power applications that offer an environmentally friendly alternative to standard electrical power. Our commercial solar power systems range from 30 Watts to 550 Watts and can also be integrated for even higher power output for larger applications.
