Sky electric solar Liberia

Did Power Africa grant a solar energy project in Liberia?
Power Africa,through the United States Agency for International Development (USAID) awarded grants totaling $669,330 to five solar energy companies operating in Liberia.

How many people in Liberia have access to electricity?
Fewer than 1% of rural Liberianshave access to electricity. LIB Solar focuses on providing reliable,safe electricity to these communities by mobilizing communitiesinstead of selling to individual customers. Each community receives high-quality solar systems that provide lighting and phone charging.

Why is electricity important in Liberia?
Electricity is important in Liberia because it creates opportunities,such as learning,communication,starting a business,and building a better life. Unfortunately,less than 1% of rural Liberians have access to electricity. However,reliable,safe electricity is now affordable for nearly anyone. LIB Solar focuses on mobilizing communitiesinstead of selling to individual customers to achieve economies of scale.
