Skyray solar Anguilla

Who is Skyray?
At first the team was composed of two expert engineers. Now, SKYRAY is able to propose services from about 25 specialists in solar and storage, with widespread expertise in electrical, Solar PV, Construction, Civil, and Project Development sectors.

What is Skyray & how does it work?
SKYRAY was formed to provide complementary services to leading developers, investors and EPCs across the EU, giving them expert technical support to build their solar PV projects. At first the team was composed of two expert engineers.

Why should you choose Skyray?
Skyray brings together recognised solar PV experts, an experienced management team, and easy access to Everoze specialists and network. Urgent need: Driven by the climate crisis and dramatic cost reductions, there is an urgent need for new capability to design and engineer our PV future.

What services does Skyray offer?
Skyray offers focused design and construction management servicesto ensure better alignment between the EPC and long term owner,and delivery of high quality,cost-competitive infrastructure assets.

Why should you invest in Skyray?
Skyray provides an opportunity to apply our learning to design and engineer better PV projects. Aligned incentives: Investors are buying in pre-construction with a 30-year investment horizon and having projects delivered by EPC contractors with a 3-year quality horizon.
