Which solar generator is best for living off the grid?

You'll be hard-pressed to find a solar generator better suited for living off the grid for an extended period than the Bluetti AC200 Max. It boasts a substantial 2,048Wh capacity,allowing you to power your whole life off it longer than most portable generators.

How to choose the best solar generator?

The best solar generators can simultaneously charge all your intended devices via whatever plugs are necessary. Any portable power station worth your money will have a high output capacity so you can charge many devices, even if they require a lot of juice. A generator's maximum output should be much higher than its max input.

Can a portable solar generator store a lot of power?

A portable solar generator comes in an extremely wide range of sizes,but a generator's size doesn't automatically make it capable of storing a lot of power. In fact,most are disappointingly limited and unable to store much more juice than a portable charger.
