A solar generator is a portable generator that usually works along with solar panels. It typically acts as an automatic backup battery to power your home and your household appliances and/or electronic devices when you run out of electricity due to power outages.

Sambest Solar Enterprises ""we have solar panels, inverters and batteries of different sizes that can power either an entire building or selected appliances in the building. We install in homes, offices, factories, shopping malls and stadiums. tell us what you want (the kind of appliances you want the solar system to power) and we will give ...
