How much money does Puerto Rico have to pay for solar?
Up to $190 millionis available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized,multifamily housing properties. Another $175 million is available for certain healthcare and dialysis centers.

Why did Puerto Rico get a power outage?
The announcement comes as the U.S. territory continues to struggle with chronic power outages that have worsened since Hurricane Mariapummeled the island as a powerful Category 4 storm in 2017,razing the electric grid. The outages also are blamed on a lack of maintenance and investment in its electric grid for decades.

3 ???· In recent years, the U.S. government has announced millions of dollars for other projects including solar farms and the installation of solar panels on low-income homes in Puerto Rico. The announcement comes as the U.S. territory continues to struggle with chronic power outages that have worsened since Hurricane Maria pummeled the island as a ...
