That"s because solar lighting is cheaper to install, operate and maintain. SOL outdoor lights are extremely efficient, which means just 3 fixtures can do the work of 8 electric fixtures. Less equipment, less installation time, and less cost. And when it comes time for installation, solar-powered lighting is a breeze.

Sylvania YourHome Solar range consists of wall lights, bollards, ground lights and floodlights to cover every aspect of outdoor illumination, whether to cover expansive gardens, porch, sheds, outhouses or a large area in need of lighting and improve safety and security.
