The fact that it"s two products in one (a solar charge controller and DC to AC power inverter) is also a big selling point. AIMS Power also manufactures quality solar panels in 30, 60, 120 and 230 watt models that are available for shipping at the lowest possible price to Laos and surrounding areas.

System Maintenance: While solar panels themselves require minimal maintenance, other system components (such as inverters and battery packs) need regular inspection and maintenance. Regular cleaning of the panel surfaces, removal of obstructions, and checking electrical connections and components help ensure the panels maintain high ...
