Wholesale Lithium-Ion Battery for PV Systems? Simply put, a lithium-ion battery (commonly referred to as a Li-ion battery or LIB) is a type of rechargeable battery that is commonly used for portable electronics and electric vehicles. The popularity of this kind of battery is also steadily growing for military and aerospace applications. In a lithium-ion battery, lithium ions move from ...

What is a Solar Panel Cleaning Equipment? Solar Panels generate power by absorbing sunlight. The more they absorb the sunlight, the more energy they can produce. But problems with efficiency in power production arise when dust and other impurities get stuck on the surface. These impurities can block the sunlight from reaching the solar cells. To tackle this issue Solar ...
