Solink solar Bonaire Sint Eustatius and Saba

Bonaire, Sint-Eustatius, and Saba are in the selected group of 30 islands chosen by the European Union (EU) to participate in the "30 for 2030" project. The islands, which were selected after an extensive selection process, can count on intensive support from the EU to realize their ambition to have fully sustainable energy facilities by 2030.

Bonaire, Saba en Sint Eustatius hebben afgelopen kalenderjaar 24 procent van hun stroom duurzaam opgewekt met zonnepanelen en windmolens. Minister Jetten liet TNO samen met de eilanden eerder dit jaar de mogelijkheden voor verdere verduurzaming in kaart brengen. Daarbij kwamen onder meer de uitbreiding van zonneweides en de inzet van ...
