Sony fortelion Kiribati

Are there any commercial projects using the Sony Fortelion battery?
Likewise,difficult to get much information on the Fronius (Sony) Battery but there's a few commercial projectsof note by Energy Made Clean. Here's some ASX announcements that have two WA projects using the Sony Fortelion (Thevenard Island &Meta Maya).

What is a Fortelion battery?
This cell,branded as fortelion,is used in many commercial home energy storage systems. The cell was also deployed in the 192 kWh Energy Neighbor battery energy storage system in container format [3,4],which was developed in the project EEBatt . Cycle aging occurs during charging and discharging of a battery.

Does the Sony Fortelion have a BMS racking option?
The Sony Fortelion has 3 varieties of BMSwhich are externally identical - You'd be going for a different racking option (the modules fit in standard 19" computer server racks). It'd be an interesting question to ask Fronius if an extra couple of modules would be supported.

What is better Sony Fortelion or Samsung aio10.8?
Samsung AIO10.8 - The Samsung AIO10.8 has completed a high number of cycles due to high reliability. No operational issues have been experienced during testing. Sony Fortelion - The Sony pack has completed a high number of cycles due to high reliability. No operational issues have been experienced during testing.

Is Fronius Australia a good company?
Fronius Australia has been good and they've been liaising with Fronius Austria. Will update. nitramluap writes... Will update. Heard back from Fronius Australia a week ago (after they contacted Fronius HQ in Austria) - they suggested that it might be a communication problem with the Modbus cabling.

The Sony Fortelion. It beat the only other non-faulty battery -- the Pylontech US 2000B -- by having lower capacity loss. This battery was one-in-a-million -- or to be more accurate, it was one-in-26. After what approximated 10 years of daily cycling, it still retained 81% of its original capacity. Its success is not too surprising, as Sony ...
