Der Siestorage Neo integriert sich beispielsweise bei Fotovotaik-Anlagen wunderbar: Die XL-Batterie speichert Solarstrom, wenn er erzeugt wird, und spendet ihn, wenn er gebraucht wird. Finanziell attraktiv: Speicher im Niedertarif laden, zu Hochtarif-Zeiten Auto befüllen. Oder Solarstrom ins Netz speisen, wenn die Tarife attraktiv sind.

Allowing high power charging on weak grid connection, storing self-generated energy, balancing peak loads, smart and efficient load management, and power factor correction - these are only some of the key features of SIESTORAGE NEO.

Officially known as the Republic of South Sudan, this East-Central African country gained independence from Sudan in 2011 after a long struggle, becoming the UN"s 193rd member state. With a population of around 11 million, South Sudan is a diverse nation with over 60 indigenous ethnic groups, the largest being the Dinka, Nuer and Azande. ...

Post-Independence Struggles. The euphoria of independence soon gave way to the harsh realities of nation-building. South Sudan has been plagued by ethnic violence and a brutal civil war that erupted in December 2013, largely due to power struggles between President Salva Kiir Mayardit and his former deputy Riek Machar, as well as other political and military ...

The history of South Sudan comprises the history of the territory of present-day South Sudan and the peoples inhabiting the region.. South Sudan"s modern history is closely tied to that of Sudan.These ties began in the 19th century with the southward expansion of the Ottoman Khedivate of Egypt and the establishment of Turco-Egyptian Sudan with the land that makes ...

Appeal for compromise . In the interim, Mr. Haysom, who also heads the UN Mission in South Sudan (), has been holding intensive discussions with political leaders, civil society, faith-based representatives, youth leaders, women"s coalitions, and international partners."This has left me in no doubt that, as the Secretary-General has stated, that the only ...
