Funding for the St Helena rockfall protection systems has come from DFID. Since January 2020 when the third phase started, more than 1,300 catch fence and netting anchors have been drilled and grouted, some as deep as 5m most at 2m. All in preparation for the helicopter"s delayed arrival in April on the MV Helena.

This is a long-term, consistent partnership. We will support St Helena by providing technical support, and funding the transfer and subsistence costs for any migrants affected. Of course, this is not the first time that St Helena has supported the wider UK family. The agreement is testament to its integral place in our family.
