Sri Lanka powland solar

Will Sri Lanka invest in a 700 MW floating solar system?
United Solar Group of Australia has secured Sri Lankan government approval for a $1.72 billion investment in a 700 MW floating solar and 1.5 GWh storage project. The company will install a 700 MW solar system across 437 hectares in the shallows of Poonakary Lake in the town of Kilinochchi.

Can floating solar power power Sri Lanka?
Sri Lanka has also trialled a small pilot floating solar project,but its capacity is just some tens of kW. Experts believe that to reap economics of scale and for floating solar to make a significant contribution to power generation,projects need to be scaled up to about 100MW-200MW.

Is Sri Lanka launching a solar power plant?
A pilot project was touted in 2012,leading to the first large-scale canal-top solar power plant in the Vadodara district of Gujarat three years later. The Government rolled out the project as a Public Private Partnership (PPP). Sri Lanka has also trialled a small pilot floating solar project,but its capacity is just some tens of kW.

Can solar power be used in Sri Lanka?
Solar power is one of the cheapest sources of energy and Sri Lanka has strong solar resources. However,ground-mounted solar power requires a lot of land and given Sri Lanka's high population density,agriculture needs,and declining forest cover,land access can be challenging. "Floating solar can potentially work well with hydro power generation.

Could Sri Lanka's power mix benefit from solar power?
Sri Lanka's power mix could potentially benefitfrom greater solar power generation during the day and a switch to hydro in the night. Seasonally,floating solar could produce power during the dry months while throughout the monsoon rains hydro could play a larger role in the energy mix.

Why did United solar start a project in Sri Lanka?
Victorian company United Solar Group initially proposed the project in September following a call out from the country's government seeking projects with a capacity of 50 MW or more to accelerate renewable energy development programsin Sri Lanka.
